

Dear NADA Member

Please find attached the details for the 31st Annual General Meeting (AGM) of NADA on Monday 9th November 2009 at Australian Technology Park. This year the AGM follows a one day Research Symposium.

We have an exciting range of topics with a diverse group of presenters including the comorbidity research findings from Professor Amanda Baker, this year's winner of the prestigious Excellence in Research Award at the National Drug and Alcohol Awards in Canberra.

Please follow the links to the attached the following documents:

- Notice of AGM, including Symposium and AGM Registration Form
- Map of the venue
- AGM Agenda
- Minutes of 30th AGM 2008
- Copy of our Existing Constitution
- Proposed Constitutional Amendments

We are pleased to advise that the Research Symposium is free of charge this year. Please register early to avoid disappointment as places are limited to 100 registrants.

I look forward to seeing you all at the Symposium and AGM and I invite you to contact me at NADA if you have any queries.

Yours sincerely

Larry Pierce
Chief Executive Officer
