

## Welcome to this Information Management resource

**NADA's mission**, as the peak body for the non government drug and alcohol sector in NSW, is for strong leadership and support for members to ensure the provision of sustainable best practice drug and alcohol service delivery.

This resource package **aims** to provide guidance to the non government drug and alcohol sector in implementing sound information management policies and practices.

We welcome your **feedback**. Any information provided to us will be considered in future reviews of this resource. Please complete the [feedback form](#) and send it to us.

**To start using this resource, go to:**

- ▶ **Information Management Framework and Guidelines**
- ▶ **Information Management Templates**

*This resource has been made possible by a grant received from NSW Health from the Illicit Drug Diversion Initiative (IDDI) of the Council of Australian Governments.*

*In developing this resource, we thank Karen Smith, Saxproof and Smarter Data for their valuable contribution.*

*It is envisaged that this resource, dated September 2008, will be reviewed and updated within two years.*

***Please use this resource as you need to and share it around.***
